VOL. 32 NO. 164

WASHINGTON C. H., OHIO, FRIDAY, JULY 13, 1917

Ten Cents a Week

WILL SELECT 687,000 FROM REGISTERED LIST FOR THE NEW ARMY

Formal Announcement Made by War Department Today.

Will Fill Vacancies in Guard and Regular Army.

By Associated Press Dispatch.
Washington, July 13.—Formal announcement was made by the War Department today that 687,000 men will be selected from those registered on June 5 for the first national war army and to fill up vacancies in the National Guard and Regular Army. Ohio's quota of men will be 38,773.

CREDITS ALLOWED

The table from which the net quotas were compiled shows that all enlistments in the National Guard and Regular Army up to June 30 have been allowed as credits.

The instruction to governors from the secretary of War, accompanying the table, directs the governors of the various states to allot the state quota as given among the exemption board districts, so that each board in each district will know exactly the number of men to be furnished by the district in filling the state quota.

Contrary to expectation, the government has allowed credit for the total strength of the National Guard, including all those men who were in the service prior to April 1 and who have been retained.

This means that, according to the estimates of the Government officials the United States now has enrolled, or under arms, approximately 467,000 men classed as war volunteers, constituting credits to be allowed to the states.

FOOD BILL

By Associated Press Dispatch.
Washington, July 13.—In a letter to Senator Martin, Democratic Floor Leader, President Wilson today gave his views on food control legislation, advocating action along the lines of the original house bill for Government control of foodstuffs and fuel only.

He opposed the proposed substitute bill of Senator Gore and emphasized his desire for prompt action by Congress.

HOOVER CONFERS

By Associated Press Dispatch.
Washington, July 13.—Herbert Hoover, food administrator, conferred today with Senator Chamberlain, in charge of the Senate bill, before the Senate resumed debate.

Mr. Hoover is understood to have strongly opposed the Gore measure, urging that it would virtually nullify the objects which the Administration hopes to obtain and leave the Government without substantial authority to meet conditions it is determined to remedy.

"CRUCIAL" STAGE IN LEMBERG CAMPAIGN

Victorious Russian Armies Now Entering Upon Critical Part of Fight for Galician Capital.

By Associated Press Dispatch.
General Korniloff's aggressive Russian armies, which already have driven a vast wedge into the Teutonic lines in Eastern Galicia, appear to be at the crucial point of their campaign for Lemberg.

Having crossed the River Lomnica behind which the Austro-German forces planted themselves in their retreat from the Halicz region, the Russians have opened up the possibility of turning the whole Teutonic line northward along the Zlota Lipa.

Desperate attempts may be expected on the part of the defenders of Eastern Galicia, however, to prevent the continuation of this menacing advance beyond the Lomnica and all the Eastern Galician terrain.

Today's statement from Petrograd shows that in one day's fighting which resulted in the capture of Kalusz, the Russians took 960 prisoners, chiefly Germans, and five heavy fire guns, besides ten machine guns.

FRENCH FRONT

On the French front there has been only local fighting. Paris mentions sporadic artillery activity in sectors of the Aisne front and to the north of Verdun, with attacks at several points in the Verdun sector.

The assaults apparently were not in strong force and failed under the fire of the French guns.

General Haig's troops in northern France continue comparatively inactive.

PEKING ATTACKED

(Associated Press Cable)
Shanghai, July 12.—A Tien-Tsin telegram says the Republican attack on Peking began at 4 o'clock this morning, and that artillery, machine guns and airplanes are being used. Five or six foreigners, who were watching the fighting from the walls of the city, were wounded. The legations are receiving foreigners for protection and are taking every precaution. It is reported that telegraphic communication has been interrupted.

"Here Lives a Fighting Man," Marines' Sign Tells Public

HONOR SIGN ON HOME OF MARINE

A new card that will soon appear on many houses throughout the United States has been prepared for distribution by the United States marines. It has been designed to replace cards, formerly distributed by that organization, that read, "A man from this house is serving in the United States marine corps."

The new announcement, printed in white and blue letters on a facsimile of the French tricolor, bears the simple but very impressive legend, "A man from this house is fighting in France with United States marines."

OHIO BOYS TO MONTGOMERY

WASHINGTON, D. C., July 13.—(Associated Press Dispatch)—Assignments of National Guard troops to training camps already selected were announced by the War Department today.

The Sixteenth Division, comprising Ohio and West Virginia troops, were assigned to Montgomery, Alabama.

EMBARGO DECLARED ON EXPORTS

Must Have Bill of Lading Countersigned by Officials.

By Associated Press Dispatch.
Washington, July 13.—An embargo effective immediately against all shipments intended for export of commodities named in President Wilson's recent export proclamation, except when bill of lading is presented with a Federal license number furnished or authorized by the Export Council at Washington, was ordered today by the American Railway Association's commission on car service.

TELEGRAPH TOO

By Associated Press Dispatch.
New York, July 13.—The railroads of the country were requested today by the Government to place by telegraph an immediate embargo upon goods for export mentioned in the President's proclamation, except bills of lading are accompanied by federal licenses authorized by the Export Council.

MANCHU LEADERS SURRENDER ARMY

(Associated Press Cable)
Tien Tsin, July 12.—Republican headquarters reports that 3,000 troops of General Chang Hsun, the monarchist leader, surrendered in the Temple of Heaven after a fight of two hours.

Chang Hsun took refuge in the Dutch Legation.

Fighting continues in the forbidden city with a remnant of Chang Hsun's forces. A large fire is raging there.

Pro-German Pastor Asked to Resign
By Associated Press Dispatch.
Lancaster, Ohio, July 13.—Because of his alleged pro-German attitude in the city and church, Rev. E. F. Fritter, pastor of St. Peter's German Lutheran Church, was asked to resign at a meeting of the congregation last night.

RAISING FUNDS TO FINISH ROAD

By Associated Press Dispatch.
Cincinnati, O., July 13.—Dr. C. L. Bonfield, president of the Cincinnati Automobile club has issued an appeal to every automobile owner in Cincinnati to contribute at least \$1 to a fund that is being raised in Ohio, Kentucky and at Detroit to complete the seven unfinished miles of the Dixie highway. This stretch is located in the mountains of Kentucky. The citizens have taxed themselves to the limit and outside aid is needed to complete the work.

KAISER PROCLAIMS HIS SUPPLEMENT TO ELECTORAL LAW

Word Received Several Days Ago That German Emperor Had Issued a Decree for Franchise Reform.

BOMBASTIC UTTERANCES

Show Kaiser Still Believes in His Absolute Power to Control.

(Associated Press Cable)
Berlin, Wednesday, July 11.—via London, July 13.—Emperor William has directed the following decree to the President of the State Ministry:

"Upon the report of my State Ministry, made to me in obedience to my decree of April 7 of the current year, I herewith decide to order a supplement to the same that the draft of the bill dealing with the alteration of the electoral law for the House of Deputies, which is to be submitted to the Diet of the monarchy for decision, is to be drawn up on the basis of equal franchise."

"The bill is to be submitted in any case early enough that the next elections may take place according to the new franchise."

"I charge you to make all necessary arrangements for this purpose. (Signed) 'WILLIAM.' (Countersigned) 'BETHMANN-HOLLWEG.'"

Word was received several days ago that the German Emperor had issued a decree for franchise reforms, but hitherto the text of the order which affects only Prussia, has not been available.

It bears out advices received from Copenhagen last night to the effect that the results of the German political crisis thus far are comparatively small.

The introduction into the Emperor's decree of the phrase "equal franchise" merely restores a provision which, according to Berlin gossip was contained in the original draft of the Emperor's Easter manifesto and was eliminated at the last moment in consequence of reactionary intrigue.

It was also pointed out that the new imperial announcement does not prescribe immediate adoption of the reforms, inasmuch as the next elections may not take place until after the war, and that there is not a word of introduction of parliamentarism in the imperial administration.

WILL TAKE CHARGE OF SPEED CONTESTS

By Associated Press Dispatch.
Columbus, O., July 13.—The new State Board of Agriculture at its organization meeting here today elected William Stroop of Dayton president, and named N. E. Shaw, present secretary, for that place for two years.

Among the members assigned as heads of various departments of the state fair is Charles Allen, Washington C. H., who will be in charge of all speed contests at the fair.

SIDETRACKED I. W. W. BUNCH

Fear They May Return to Bisbee Section.

By Associated Press Dispatch.
Deming, New Mexico, July 13.—Word received here early today said the trainload of deported Industrial Workers of the World from Bisbee was sidetracked at Hermanas and the engines were detached.

The guards were removed from the train. It is feared the deported men will hold up the night westbound train and return to Bisbee.

THE LOCATION

Hermanas consists of a railroad station and three or four houses. It is twenty miles west of Columbus, New Mexico.

The train carrying the men returned to Hermanas when officers at Columbus, New Mexico, refused to permit the prisoners to be unloaded.

Railroad officials said the water supply at Hermanas was adequate for the deported men.

It was understood they were provisioned at Bisbee with enough food to last until they reached Columbus.

Further movements of the men have not been determined upon, according to railroad authorities.

No attempt has been made to carry out the announced plan of the deported men's leaders to seize the first train bound toward Arizona, board it and return to Bisbee so far as is known.

FOOD IS SENT

By Associated Press Dispatch.
El Paso, Texas, July 13.—A train of food supplies to feed the Industrial Workers of the World at Hermanas was sent from El Paso this afternoon, following receipt of a report from Brigadier General George Bell, Jr., from the officer commanding at Hermanas that the deported persons were in danger of starving.

WALKING IS GOOD

By Associated Press Dispatch.
Columbus, New Mexico, July 13.—The army of I. W. W.'s deported from Bisbee yesterday, and whose special train was sidetracked at Hermanas, New Mexico, late last night, left Hermanas during the afternoon and is spread out for a mile or more along the railroad track, walking east in this direction, according to reports received here.

On this information, Columbus citizens are turning out heavily armed to repel any "invasion."

The situation of the deported persons was described as desperate from lack of food.

STILL SITTING OUT

By Associated Press Dispatch.
El Paso, Texas, July 13.—Practically all of the 1,196 alleged members of the Industrial Workers of the World and their sympathizers deported from Bisbee, Arizona, yesterday still were at Hermanas, New Mexico, early today, according to officials of the El Paso & Southwestern Railroad here.

ERZBERGER'S SPEECH SET OFF DYNAMITE UNDER THE RULERS

MATTHIAS ERZBERGER

Matthias Erzberger, leader of the Catholic members of the German reichstag, is now one of the most conspicuous men in Germany and in the world. His speech before the reichstag's main committee created a furor. In it he called upon the German government to abandon the ruthless submarine campaign as futile and to announce its willingness to make peace upon a "no annexation, no indemnities" basis. These are German Socialist policies, and their advocacy by the leader of the Catholic party in the reichstag is astounding and almost, if not quite revolutionary. The Socialists and Catholic Centrists combined can control the reichstag and refuse approval of the budget, including the war expenditures.

The chancellor has made a strong attack on Erzberger. Dr. von Bethmann-Hollweg asserted that Erzberger's attitude was unpatriotic.

DECLARE FOR SEPARATION

(Associated Press Cable)
Petrograd, July 13.—The Finnish Diet on Thursday passed the second reading of a bill literally establishing Finnish independence.

The introduction of the bill has created a serious crisis here, and N. C. Tchaidze, president of the Council of Workmen and Soldiers' Delegates, has gone to Helsinki in an effort to settle the differences.

An indication of the seriousness of the situation was a late sitting of the Petrograd Cabinet and a decision of Premier Lvoff to summon back to the capital the ministers that are now with the Army.

According to some newspapers, M. Lvoff's Socialist colleagues declare themselves, in principle, in sympathy with Finland's move.

The Premier and other ministers belonging to the cabinet party refuse, however, to allow Finland to determine her relations with Russia, insisting that she must wait until the meeting of the Constituent Assembly.

According to the present program, Helsinki will tomorrow put the bill passed Thursday into force, "by simple declaration," meaning without Russia's sanction.

This is the first formal denial of Russia's suzerain rights.

LOOKED FOR

An inkling of the action of the Finnish Diet was given on June 22, when Finland adopted resolutions demanding the separating of Finland from the Socialist Democratic Congress of Russia and the formation of an independent Republic.

Under the plan proposed, Russia would not have the right to keep troops in Finnish territory in time of peace, or to possess any fortifications.

Economical relations between Finland and Russia would be regulated as between foreign countries.

AT LEAST \$45,000 WORTH OF WOOL IS SHORN IN FAYETTE

Conservative Estimate of Wool Clip Is 75,000 Pounds, Worth Fully \$45,000—Big Increase in Flocks Predicted for Next Year.

The estimated amount of wool clip in Fayette county this season is placed at 75,000 pounds, or between \$45,000 and \$50,000 worth, and it is believed the estimate is a conservative one. It is made by a local wool buyer who has shipped a large quantity of choice wool this season.

The average weight per fleece is placed at about 8 pounds, and if this is correct and the number of sheep in the county is in excess of 12,000, the clip would reach near the 100,000 pound mark, and be worth approximately \$57,000.

Not only has the clip been the largest in recent years, but the price this season is almost double that paid last year, and will average in excess of 60c per pound.

That it pays to raise sheep is attested by the large profits received by those who have wool for sale this year, and the prediction is made that next year, with prospects of continued high price for wool, the number of sheep in Fayette county will be increased by several thousand head.

During the past few years the number of sheep have increased by several thousand, and farmers who never before attempted sheep raising have started on a small scale and are increasing their flocks rapidly.

NEW EQUIPMENT IS ORDERED TO FULLY EQUIP COMPANY M

Nine O'clock Sunday Morning Is Hour Set for Mobilization, and Restaurants Will be Depended Upon to Handle Meal Problem. Sleep in Armory.

New equipment has been ordered for Company M, Fourth Regiment, Ohio National Guards, including 70 new rifles and other equipment in corresponding large amounts, so that when the membership is raised to 150 men there will be ample supply for all. It is expected that this equipment will arrive within a short time.

The present rifles will be retained, but the number is not sufficient to equip an entire company. Tents, blanket rolls, and in fact every piece of equipment that is used by a soldier will be shipped to Company M in the near future, and will be part of the baggage moved when the company leaves this city for the training camp in the south.

Under present orders the entire company is expected to mobilize at the Armory in this city next Sunday morning at nine o'clock, and the men will then be under military regulation.

During the two or three weeks the men will stay in this city they will sleep at the Armory, although part of the men, who reside in this city, may be allowed to sleep at home, if they so desire.

The restaurants of the city will be asked to supply sufficient food for the men. It is understood, to be paid for by the government. The men will be divided among the various restaurants so that it will not be difficult to handle the feeding problem.

It is possible that a camp may be pitched near this city, or in this city, but hardly probable.

At the present time Company M has 128 men and three officers. The new First Lieutenant, Robert S. Beightler, of Columbus, will be here after Saturday, while the new second Lieutenant, J. W. Reese, formerly Lieutenant Colonel of O. S. U. Cadets and from Company G, the University Regiment, is now on duty. Both officers are splendid military men.

While under mobilization at this point the men will be given four to five hours' drilling each day, so that

they will be in good training by the time they reach the big concentration camp in Georgia.

LAYING SIDEWALK ON MILLIKAN AVE.

Workmen are busy laying the concrete sidewalk from the concrete bridge over Paint creek to the intersection of Lakeview avenue, Millwood on Millikan avenue.

The work will be finished within a couple of weeks, and for the first time employees of the two factories in Millwood, and citizens in general will have a dry footing from the main part of the city to Millwood.

CONCRETE MIXER HAS BREAK DOWN

Breaking down of the concrete mixer used in the South Fayette street paving job has temporarily tied up work on the concrete base, and this work will not be completed until next week, it is expected.

Rapid headway is made by the mixer when it is in operation, and it is one of the latest improved on the market.

RAILROAD STRIKE QUICKLY SETTLED

The strike of section men on the D. T. & L. railroad at Waverly and other points south, was of short duration, and was ended when the wages were raised from \$1.80 to \$2 per day instead of \$2.25 as the men demanded when they struck.

The men are now back at work and one of the first jobs they were called upon to perform was assisting in rebuilding a trestle damaged by fire.

LAY WATER MAINS

The work of laying the new water mains on West Temple street from the railroads to the creek bridge has been completed, and the houses at that point will not only receive better fire protection, but will be piped for water.

**TOTAL SWELLED
TO \$5650.00 BY
LATE DONATIONS**

**War Fund Committee Makes
Final Report—Finance Com-
mittee Prepares for Jamboree.**

Henry Brownell, treasurer of the Fayette County Chapter of the Red Cross, reports that nearly \$5,650.00 has been deposited in the various banks about the county, to the account of the war fund of the local Red Cross. More than \$1,200 has been raised in Paint township and deposited in the Bloomingburg bank \$460, a part of the sum raised in Jefferson Township is in the Jeffersonville bank. The balance of the amount has been deposited in the Midland National Bank and the Fayette County Bank of this city.

A few subscriptions are still coming in daily. A list of the belated donors will be given out soon. While the total contribution by the county as a whole, has not quite reached that subscribed by a few neighboring counties, the local committee are well pleased with the results of the campaign.

Within a short time when all of the scattered contributions are in, and a complete report is made, the money will be turned over to the national organization, to be used in the great work of organization near the battle-front.

Now that this campaign is about to be laid by, the attention of the local chapter, under the leadership of Mrs. C. Howard Griffiths and the Finance Committee, is being turned to the series of affairs that are to be given for the raising of funds to carry on the activity at the Workshop.

The first of these affairs has been announced as a "Jamboree Comique" and is to be given on the streets of the city, early in August. The committees to look after the details of the big community have already been announced by the chairman.

The Workshop Committee is comfortably located in the Stimson room and there is great activity there every afternoon. The comfort bags for Company M have all been completed and much headway has been made on Box No. 2 which is being outfitted.

AT M'NAIR CHURCH
Rev. Myers of Albany, will fill the pulpit of McNair Memorial Chapel, Sunday morning and evening.

IN SOCIAL CIRCLES

Sixty children trooped in merry play across the velvety green lawn of the Roscoe Baughn home south of town Thursday afternoon, when Mrs. Baughn gave one of the prettiest children's parties of the season in honor of the birthdays of her two pretty young daughters, Gwendolyn and Virginia.

It was both a garden and a patriotic party. Flags were profusely used in decoration and the beautiful grounds and fine trees lent ideal setting to a vivid scene all animation and color, with the children in white dresses, variety tinted sashes, suggesting little human flowers. Rustic seats, big swings, croquet and a variety of games added to the children's pleasure, but the crowning joy was the ponies, upon which they took turns in riding. There was also a fishing contest, in which Dorothy Dunlap took the prize.

Gwendolyn Baughn, who has a remarkable voice for a thirteen year old girl, delighted the guests with a number of songs.

Delicious refreshments were served with the national colors introduced and flag napkins. Mrs. Baughn was assisted in giving the children a very happy time by her mother, Mrs. Joseph Kimball, Mrs. Loring Brock, Misses Ruth Reid and Dorothy Dill.

A number of beautiful gifts were showered upon the two young hostesses.

Mrs. Pearl Darlington not only threw open her home for the Thursday meeting of Sugar Grove W. C. T. U. but also had arranged a special children's program that was one of the most attractive ever presented to the society. There was real juvenile talent in the pretty program and each child did exceedingly well. Perhaps the tiny tots, the two captivating little Darlington girls and two cunning small boys, Joe Elliott and Willard Lanum received the most applause, but everyone deserved credit.

The program:

Piano solo, Urcell Everhart, Dayton, recitation, Ralph Briggs; song Beata Haines and Ruth Cockerill; recitation, Willard Lanum; violin, Mabel Everhart, Dayton, accompanied by Urcell Everhart; song Gladys Everhart; recitations, Gretchen and Lu-dine Darlington; piano, Miss Dorothy Briggs; piano duet, the Misses Everhart; recitation, Joe Elliott, recitation, Miss Dorothy McCoy.

The meeting was opened by singing "America" and devotionals led by Mrs. Haines, and the closing hour was enjoyed socially, with tempting refreshments served on the verandah. Mrs. Wilbur Briggs, the Misses Everhart, of Dayton assisted.

Quantities of summer flowers were in tasteful arrangement.

A recherche luncheon was given Friday by Mrs. Harley T. Wilkin, complimenting her sister, Mrs. Howard Tolle, of Hillsboro and the women of Mrs. Tolle's Auction Bridge Club.

Mrs. Wilkin is an exceptionally charming hostess and the luncheon hour was one of much pleasure, followed by a gay game of Auction.

The table was exquisite in its appointments; the luncheon set of Madeira and blue and white china in effective combination with a beautiful varicolored centerpiece. A huge bowl of Corylopsis, Dulcinea, shasta daisies and sweet peas, reflected its artistic arrangement in a table mirror.

The elaborate menu comprised every delicacy of the season.

Seated with Mrs. Wilkin and Mrs. Tolle were Mrs. Barry Matthews, of New York, Mesdames Ernest Schumacher, Roy Rodgers, Will Huggins, Theodore Perin, Earl Miller, Clarence Nickeson, Fred Lafferty, Misses Sarah Worley, Anna Evans, of Hillsboro; Mrs. Jess Persinger, Miss Helen Ginn.

Miss Emma Draise charmingly entertained twenty members of Mrs. Scott Hopkins S. S. Class of Grace Church at her country home on the Lewis pike, Thursday night.

After an interesting contest, in which prizes were won by Misses Anna Grace Taylor and Esther Scott, a sumptuous picnic supper was enjoyed.

As a delightful surprise a favorite member of the class took advantage of the pleasurable occasion to announce her engagement.

The announcement was prettily made. A big fancy basket suspended from boughs of a fine old tree by bright ribbons held tiny envelopes in which the announcement was found.

Miss Draise was assisted by her mother, Mrs. John Draise and Mrs. Rief in extending the hospitalities of the home.

Mr. Earl Scott and sister, Miss Esther, who have moved to this city from Columbus, were guests of Miss Draise and the class.

FRIDAY—Use Every Drop of Milk. Don't throw away left-over skim milk, says the United States Department of Agriculture. It is a nutritious food and every drop of it should be used. One way to utilize it is to make milk-vegetable soups.

Milk Vegetable Soups.
To each 2 cups of milk use 1 tablespoonful of flour, 1 tablespoonful of butter, 2 1/2 of a cup of a thoroughly cooked vegetable, finely chopped, mashed or put through a sieve, and salt to taste. Thicken the milk with the flour as for milk gravy and add the other ingredients.

Practically any vegetable except tomatoes may be used with the other ingredients as stated. If tomatoes are used a little soda should be added to them to prevent the milk from curdling.

LOCAL MINISTER CALLED TO SERVE AT CANTONMENT

Rev. D. W. Barre of this city and Rev. Cook of Chillicothe have been designated by the government, to take care of the church work at the cantonment at Chillicothe. Rev. Barre has a strong personality and is especially qualified for work among young men. He has given valuable service here while he has been rector of St. Andrew's Episcopal Church.

Rev. Barre offered his services to the government shortly after the declaration of war and has been expecting the call to service for some time. Rev. Barre was in Chillicothe today to attend a conference upon the plans for the religious work at the camp.

That the temporary structure on W. Market street which has been used for the past year by St. Andrew's Church and which is soon to be abandoned, may be moved to the camp site and used as a place of worship, is the opinion of Rev. Barre.

The Women's Work

These are busy times for the women of America. The call to the service of the nation has not found them lacking in resourcefulness and industry. They have risen to the requirements of the time superbly.

Individually and in organizations the women have, in many instances, anticipated the call to service and, on their own initiative, have perfected working organizations, been ready and "at attention." When the call has come for any particular work to be done the government has almost invariably heard from the American women the answer "ready for duty."

The American women have been a whole host to the government in the great work of preparation and the work that they have undertaken and are doing is but a very small part of the work that they are ready to do.

Right now one of the many important tasks which the women of the land have assumed, is the work of food conservation. They have not waited on Congress to enact laws but have set about the task on their own account. Housewives are organizing everywhere in the land pledging themselves to guard against waste, preparing to conserve the abundance of this season's food, meeting every difficulty as it arises and mastering it.

While the politicians are wrangling over food control legislation the housewives of the land are going right ahead with their work of economy. If the men folks will do their part in safeguarding the family purse from the attacks of food speculators the good women may be relied upon to make the food supply "stretch" to its extreme length.

Regarding food prices the work of the men may be more spectacular but that of the women is the real effective work.

The Automobile Distribution

The latest reports from those government authorities whose business it is to gather, and distribute valuable and interesting information for the public, disclose that we have, in this prosperous country of ours, one automobile for every twenty-nine inhabitants.

The distribution of these automobiles is like the present abundance of money, pretty general, and not confined to the few.

Sometimes these "per capita" figures are a little deceiving—especially so are they regarding the circulation of money.

With the automobiles, however, there is no inclination on the part of "the few" to gather unto themselves more than their "per capita" share and usually about one to the family is about all that can be maintained in peace.

Prosperity and necessity have, it is apparent from the statistics, been the controlling factors in distributing the automobiles.

Iowa leads all the states of the union with a showing of one machine to every eleven inhabitants with California holding second place among the states.

All of which indicates that the automobile is used more as a necessity than as a luxury. In great big prosperous Iowa they need autos for every day use and they have a great many. In new England where the scenery is fine and the few roads goods but the need not so great, the average is one to every twenty-seven people.

A Tremendous Problem

The United States authorities in adopting a liberal and fair policy in dealing with aliens, since the nation's participation in the war could no longer be avoided, have shown great wisdom, in spite of the fact that there have been several instances of individuals abusing the privileges which a generous and free people have given them.

With those men who seek to take advantage of our fair treatment of them there should be little mercy shown in meting out punishment but care should be taken, just as it has been, not to suspect any class of citizens simply because their ancestors were of a people with whom the nation is now at war.

There should be no undue restrictions placed upon the German-Americans as such. Most of them are among the loyal citizens of the nation. Obstructionists and worse are confined to no group of citizens. It is the individual in each instance who is at fault and the individual whose conduct must be watched—the crime of disloyalty is, like every other crime, individual.

There are instances where the national authorities may be criticized for being too liberal in certain special instances but it is better that the nation should be deceived in a few isolated instances than to place any considerable body of our citizens under the ban of unjust suspicion.

No nation in the world has encountered more difficulties in dealing with aliens and citizens whose ancestors were of foreign birth than America and, it is safe to say, no nation could have obtained, by the adoption of the most drastic regulations, better results than our policy of liberality has brought about.

Poetry For Today

WHEN FREEDOM CALLS.

Shadow of War at a love-blest door,
 And it's far ways o'er the foam.
 But they've fared far ways to war before.

And—they came back Home!
 They came back Home with their
 well-won scars:—
 All save the dreamers 'neath battle
 stars.

With tales of the Liberty-fight to tell,
 In the glory it had given.
 For if War's wild feet take hold on
 hell

'Tis Liberty's hope of Heaven.
 And the New Dawn's sunlight stream-
 ing now
 Is the blessing of God on Freedom's
 brow.

Out of the strife the later life
 Of a risen world, new-born.
 Flowers of Peace where the thorns
 were rife—

A Resurrection Morn!
 And the risen world, through grief
 and loss,
 Worthier than to kiss the Cross

And: "Fare to the Fight," from a loved
 home-gate—
 To the battle-crimsoned sod!"
 For they follow not in the steps of
 Fate!

They follow the Light of God!
 To free the shackled—break tyrant-
 bars
 And let in the Light of the Liberty
 Stars!

That Light which streams on a world
 whose tears
 Might wash its wounds away.
 With the wrath and wreak of the long
 slow years

That dreamed of Freedom's Day.
 Holy as Heaven! . . . Life's all to give
 For Freedom . . . and die that a
 World may live.

PLENTY OF THEM DECLARE FARMERS

That there is an unprecedented number of skunks in Fayette county at the present time is the declaration of farmers who have found the animals about their farms during the past few weeks.

The laws, during the past few years, have been very strict against the killing or trapping of skunks for a short period of time in the winter months owing to the fact that they are rapidly becoming extinct, but more particularly because they are of untold benefit to the farmer in exterminating harmful grubs and insects.

Thursday evening while driving some four miles from this city, a man noticed two of the full grown animals, followed by five "kittens" and was informed that the scene was not an extraordinary one this season.

BUCKEYE LAKE IS BEAUTIFUL PLEASURE SPOT

Buckeye Lake Park, situated on beautiful Buckeye Lake, affords one of the most delightful vacation points in Ohio.

Buckeye Lake is beautiful because of the purity and transparency of its waters; beautiful because of its undulating shore lines, with verdured hillsides reaching gently to the skyline; beautiful because of the fertile fields stretching away to the setting sun and permitting the beholder to revel in the most entrancing land and water sunsets which the imagination can conceive; beautiful because of the many islands with their picturesque cottages sheltering happy, contented people; beautiful because of the great variety of varied-colored plants, shrubbery and trees that line its shores and cast their shadows on the silvery lake—all combine to soothe the senses by captivating the eye which is indeed the window of the soul.

All hotels are under the new park management and located near the boat piers and amusements. The Manger Hotel (formerly the Glass House) is the leading hotel and the rates are reasonable.

Free use of beautiful Picnic Point—a shaded spot extending out into the Lake, is open to picnic or outing parties. Upon this shaded point is provided permanent dining tables with seating capacity for 350 diners at one sitting.

Large and small motor boats, row boats and canvas are for rental to guests at the park, and four bathing beaches mark the thirty-two miles of shore line.

There is no place in Ohio where more nice catches of large mouth and calico bass and other varieties of fish are made than in Buckeye Lake.

Buckeye Lake boasts of two large dancing places, one of which is over the water, the only one of its kind in Ohio, and the other is at the entrance to the Park. The best music is provided at both places.

Many motoring parties from this city are expecting to visit this popular amusement and health resort next Sunday, at which time Whelpley's Band will furnish music for the celebration of Auto Day.

SCOUTS WILL CHOOSE NEW SITE FOR CAMP
Y. M. C. A. Secretary, Walter Patton, and camp committee of Scouts, who toured the Bainbridge district, in search of a desirable camp site for the annual Scout outing this year, found the location used last year to be already occupied by a crowd of Columbus Boy Scouts and little chance of camp breaking before August 18th.

Sites were looked over farther down the creek, and also in the vicinity of Monroe Falls. The boys will go into camp early in August.

MRS. MARTHA GLAZE SUMMONED BY DEATH

Just as the evening shadows were lengthening Thursday evening at 5 o'clock the death angel crossed the portal of one of the modest homes of Bloomingburg this county and summoned Mrs. Martha Glaze aged 80 years wife of Isaac Glaze.

More than half a century ago Mr. and Mrs. Glaze were married and their home relations have been particularly close and happy. The breaking of the sacred ties which leaves the life partner alone in the world at this time is particularly sad.

A host of friends all over the county, share in the sorrow which has come to that quiet home.

Funeral services will be held at the residence in Bloomingburg Saturday morning at 10:30 o'clock. Interment will be made in Washington cemetery.

FIND PLENTY OF FIRE HAZARDS IN BUCKEYE PLANTS

By Associated Press Dispatch.

Columbus, O., July 13.—Fire hazards that never were dreamed of exist in all communities in the state and in scores of instances endanger big stocks of food stuffs, inspectors who have been at work for several weeks have reported to State Fire Marshal Fleming. More than 1000 orders to correct evils have been issued through 230 fire insurance company inspectors whose services are given the state during the period of the war.

Almost all the wholesale grocery warehouses, 1100 grain elevators, 500 grist mills and other food storage buildings have been examined already.

In a large building adjoining a large wholesale grocery warehouse with a \$25,000 stock of goods the in-

spectors found a carload of "strike anywhere" matches. They were in an inflammable building.

In another large building housing \$100,000 worth of foodstuffs, the automatic sprinkler system was entirely out of order.

Inspectors found 90 tons of peanuts stored in a ramshackle barn about which were all sorts of fire hazards. At another place, they discovered that night watch man was an alien enemy—German—who could not even speak English. This was in a large bakery. The instruction to owners was "watch the watchman."

These were cited as but a few of the evils that inspectors have discovered exist in every city in the state and may at any time not only cause loss of food stuffs stored in buildings themselves but start fires that would do neighborhood damage.

Another bad practice discovered is keeping automobiles in barns stocked with hay.

"A barn is no garage. Keep the 'river' out in a separate building with a concrete floor that is rat proof. Keep gasoline in a safe place," says one instruction from the Fire Marshal's office.

Other warnings to farmers say guard against rats and mice.

"Don't let the rats mow down our grain soldiers with their machine gun teeth. Guard against rats and mice. Concrete is easily molded and laid. Vermin not only devour food-stuffs but defile what they don't eat."

THIS WOMAN LOOPS THE DOUBLE LOOP

By Associated Press Dispatch.

Columbus, O., July 13.—Miss Ethyl Ryan, 26 years old, former vaudeville performer, is said to be the only woman who has looped the double loop.

She did it as an experiment here Saturday, testing a new fun-making device invented by a Columbus man.

Miss Ryan was strapped inside a hollow ball 26 inches in diameter, two inches thick and constructed of wood. The ball was at the top of a tower 40 feet high from which there was a

60-foot incline, running to the double loops at the bottom, each loop 10 feet in diameter. The ball was freed with Miss Ryan inside it and she was around both loops in less than ten seconds. She escaped with a bruised elbow and a slight bruise on her forehead.

An ambulance with the motor running was held in readiness to rush her to a hospital in case of an accident. The experiment was made against protests of officials of the Columbus Humane Society.

East St. Louis, Ill., July 13.—Under pressure from the chamber of commerce and representative business men, who demand a shakeup in the police department as the result of laxity during the race riots, Mayor Mollman announced he has asked for the resignation of the entire police board. CAN EAT ONIONS, PIE, CABBAGE AND CAKE, SHE SAYS

But 'Twas Vastly Different With Mrs. Keener Before Nerv-Worth Came.

Only those persons who have gone through the happy experience recorded in the following statement can fully realize the deep pleasures of the table. One must have suffered severely from indigestion and then found a way to eat without distress if he wants to know what the enjoyment of meals really means. Mrs. Parthena Keener, of Montana Mines, near Fairmont, W. Va., found such enjoyment by the use of Nerv-Worth, as the following letter, which she wrote some time ago to her Fairmont druggist, fully proves:

"I have taken three bottles of Nerv-Worth and is has helped me wonderfully. I was so nervous that I could not stand the noise of children playing. I now can eat onions, cabbage, cake and pie. I can now sleep nine hours."

(Mrs.) "PARTHENA KEENER."

Montana Mines, W. Va.

Your dollar back at Christopher's drug store or Brown's drug store, Washington C. H., if Nerv-Worth does not help you as it helped Mrs. Keener. Ask for the new Nerv-Worth Laxative Tablets, 25c a box. Wonderfully good for liver and bowels, especially in connection with Nerv-Worth the Tonic.
